

YOU CAN BUILD A NEW COMPETITION SWIMMING POOL FOR LESS THAN £2M

Before you commission any work on your new pool please speak to one of our team of specialists about our unique approach to design and construction. Take advantage of our expertise and over 40 years of experience within the industry to review all aspects of your proposed facility including:

- Funding
- Feasibility studies
- Planning applications
- Building regulations
- Structures and services
- Construction cost advice
- Site works and project management
- Maintenance
- Off site monitoring

Our pools are fully compliant with BSI, European and all other current standards.
